Ahmedabad-7,

Dear Professor Vaidya,

Thank you for your letter dated 19.4.76. The copy of your invited lecture lying with us, is hand-written and in many places, it is not eligible to our typist. So, it is difficult for the typist to get it type here correctly. You will agree that unless the manuscript is correctly prepared, there will be some difficulties in printing ~~the~~ mathematical papers. So, I request you to kindly give a typed copy of your lecture. The manuscript which is lying with us is sent herewith as you do not have any other copy.

I hope, you will kindly send the completed manuscript as early as possible, so that we may proceed with the work of publishing the proceedings of the symposium.

Thanking you,

Yours faithfully,

M. Dutta
(M. DUTTA).
