Dear Dr. Sahib,

I am much thankful for your letter No. PA/TS/3550 dated 1st Sept' 67 and for the interest shown in my farm by you.

I shall feel grateful if I am also given complete instructions for preparation of soil, timing and kinds of fertilizers and watering etc. necessary for multiplication so that I am in a position to utilize the resources to the full. I shall be coming to the institute on listening from you. May I request you to supply at least 30 Kg. of the seed.

With best regard.

Dear Sir,

Sub:- Supply of Sharbati Sonara Wheat seeds - 20 kgs.

We are much pleased to read the article on "Sharbati Sonara" wheat - A symbol of the Age Algeny in Indian Farming of August 67.

In this connection, I may request that it will be very kind of you if you please arrange to supply the seeds of sharbati sonara wheat 20 kgs. to try on our Farm at Sikka near Jamnagar in the ensuing Rabi season.

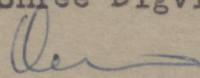

We had tried sonara-64 on our farm but due to its unattractive colour we have discarded. The only variety we grow at present is NP 824.

We are interested in sharbati sonara to compare with NP 824. Please therefore, help us to get the seeds of sharbati sonara and also arrange to supply us the literature for its cultivation to get maximum yield.

Awaiting for an early reply at the above address.

Thanking you,

Yours faithfully,
for Shree Digvijay Cement Co. Ltd.,

Respected Dr. Sahib,

I have the honour to state that Agriculture is being taught in Higher Secondary classes in my institution and in order to teach this subject there is a demonstration plot measuring 30 acres on which the demonstration of different newly evolved varieties of Wheat are sown.

I came to know that a new variety of Wheat i.e. Sonara Sarbati is discovered by you. I, therefore, want to try the seeds of that variety on the demonstration plot. So, you are requested to allot the maximum quantity of Wheat for my demonstration plots.

Thanking you,

Yours faithfully,

(Prahlad Singh)

Dear Shri Bhasin,

I am sorry for the delay in replying to your letter dated the 2nd August, 1967. I hope it will be possible for us to supply you with small quantities of seeds. As regards the National Demonstrations, kindly approach the Department of Agriculture. We are not allowed to lay-out any demonstrations outside Delhi.

With kind regards,

Yours sincerely,

Dear Dr. M. S. Swaminathan

I am very much grateful to you for your D.O. No. PA/2867 of 27th July, 1967.

I had requested your honour for allotting seed of IR83 Basmati kindly allot me 1 quintal seed of this variety from Kharif harvest.

I had also requested to arrange supply of K 227 which is only available in Punjab, I can only get the H. Y. V seed only with your recommendation therefore I request your honour most respectfully to recommend for supply one quintal of seed from Deptt. of Agriculture Punjab or Agri. University Ludhiana.

As regards other varieties of wheat Sonu 227, Sonalika, Sonara Sharbati, Safed Lerma & Choti Lerma, please allot me adequate quantity of each seed to sow at least one or two-acre of each variety.

I wish to go under National Varietal trials cum demonstration programme, kindly sanction me a trial positively.

Thanking you & trusting the humble request will receive your sympathetic consideration will be most useful.

Yours sincerely,
K. L. Bhasin

Subject: Supply of wheat seed

Dear Sir,

I have a 141 Acre Farm on the above mentioned address out of which I intend sowing 75 Acres wheat. I intend to sow high yielding varieties in at least 10 acres ^{this season} to be self sufficient in seed for the entire Farm for the 1968/69 crop. I therefore request you to kindly allot the upm wheat seeds for the purpose.

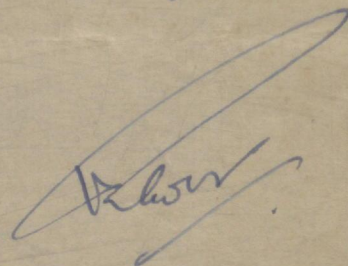

1. S-227 — 1 Quintal
2. Sonora Sharbati - 1 Quintal.

I agree to spare any surplus yield for the use of IARI after meeting my own seed requirements for the year 1968/69.

Thanking you

Yours faithfully,

My dear Dr. Swaminathan,

You were kind enough to visit some of the extension villages of this Institution during last Rabi season. The farmers of this area are highly progressive and are pressing us for the supply of 'Sarbat Sonora 64' for the coming rabi sowing.

I shall be highly grateful to you if you could kindly arrange one quintal of seed for experimental and demonstration purposes in the villages.

With kind regards,

Yours sincerely,

Sir,

Sub: Supply of Hy-Brid Seeds.

Ref: "SARBATI-SONARA" Wheat.

We are conducting an Agri-farm at the above place situated in Maharashtra. We have with us about 250 Acres of Agri-Lands and are interested in production of Hy-brid Wheat, Maize, Bajra.

This season we have about 60 acres under paddy cultivation Taichung Variety and we want to start Wheat cultivation during the next season. For this purpose we are badly in need of good Hy-brid Wheat, and have to ∟ SARBATI-SONARA Hy-brid Wheat.

On hearing from you, we shall make arrangement to send you cheque for the cost of the same and other charges thereto.

Hope you will consider our request favourably, and send us the same an early date.

Thanking you,

Yours faithfully,

My dear Shri Barwale,

Thank you very much for your kind letter dated the 26th August, 1967. I am very grateful to you for inviting me to visit your farm. I shall certainly take an early opportunity to avail of your kind invitation.

You can get seeds of S-227 from the U.P. Agricultural University, Pant Nagar or the Central Mechanised Farm, Surat Garh. I am sorry we do not have seeds of this variety any more. As regards Sharbati Sonora I hope it could be possible to supply you with the very small quantity.

Dear Dr. Swaminathan,

Trust this finds you in best of health.

I am writting this letter to renew our invitation to visit us & advise us in our programme.

This year again we have about a thousand acres in Seed Production, mostly consisting of Jowar, Bajra and Maize.

In next 15 days, jowar should be in flowering . Any time here after, that is convenient to you is ideal for visiting this area.

Some two years back I got few hundred grains of Wheat S-227 and I have been multiplieng it last two years. I have on hand 3 Quintals of it.

Growers in this area would like to plant at least 100 acres under this variety in this season.

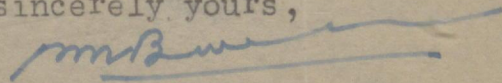

I am not able to locate good source for this seed yet. I do not know whether I.A.R.I Can help me to obtain about 4 Tonnes of this seed.

I do not know that how ~~too~~ quantity of Sharbati Sonora can be spared for organisation like this. But myself and the whole farming community shall appreciate having any quantity of this seed; how so ever small it may be. *in this area*

Looking forward for your visit.

With personal regards,

Very sincerely yours,

B.R. BARWALE.

My dear Dr Swaminathan,

Sometime back Dr. Amrik Singh Cheema, Agricultural Commissioner, Govt. of India, sent me to you with a D.O. Letter.

Your goodself was kind enough to promise me supply of SARBATI SANORA, 308 and S-227 wheat seeds - for Multiplication at my mechanized farm in Western Uttar Pradesh.

Till the time of writing, I didn't have privilege of hearing from you and I hope to get your favour in the next few days.

With regards;

Sincerely yours,

Satpal Singh Mann
