

ecological society

27th August 08

To
Dilnawaz Variava
Vice President, BNHS
S. Bhagatsingh Road
Mumbai 400 001

Dear Dilnawaz,

Our Ecological Society has been running for the last 11 years a one year post graduate certificate course in Nature Conservation and Sustainable Use of Natural Resources. It is conducted in Pune and Mumbai. It is open to graduates of any discipline.

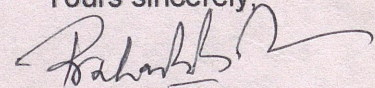

The convocation (certificate distribution) of the Pune Chapter will take place on 27th September. We wish to invite you as Chief Guest so that successful students will receive certificates at your hands. We will request you also to deliver a speech appropriate for the occasion.

We have also planned a release of a handbook on Stream Restoration on this occasion. The Society has been conducting Nirmal Ganga Abhiyan, a participatory programme for restoration of streams for last two years. The present handbook is an outcome of the same programme.

We will take care of your passage to and fro Mumbai and of the overnight stay. We hope you are not too busy and it will be possible for you to accept our invitation. We look forward to your confirmation. You may communicate by e-mail on prakashgole@yahoo.com.

Thanking you in anticipation and with regards,

Yours sincerely,

Prakash Gole
