Sub: Workshop on "Conservation of the Lesser florican". Baroda.
1994 Dec. 2-3

Dear Sir,

You may be aware that we prepare Unit Catalogue Cards for all the high-level Indian publications including those of Conference /Seminars/Symposiums ('academic events') and promote their sales among our customers. Unpriced publications are also catalogued and gifted to some interested library without making any commercial use thereof.

We have recently come across a reference about the academic event given in the subject above, which was organised by you. In order to enable us to obtain the publication/s (Proceedings, pre-prints, abstracts, Souvenir etc.) which you might publish or would have already brought out in connection with this Workshop, we would like to have the relevant information; i.e. title, year of publication, price and any other details. For this purpose, we are sending herewith a format which may kindly be filled in and returned to us.

In case there is no publication, we may pleased to informed accordingly. However, if the publication/s is/are unpriced, we shall appreciate your mailing the same to us for cataloguing and gifting to a library of relevance.

Thanking you and hoping to hear from you soon.

Yours faithfully,

Dr. Ravikiranam
