Dear Professor Akerberg,

I have just received your letter of 24th August, 1971 informing me that I have been chosen as an honorary member of the Swedish Seed Association. This is a great honour since your Association has been one of the world's leading centres in Theoretical and Applied Plant Breeding since its very inception. I consider this to be an honour done to this Institute and to my country and I am most grateful to you and the members of your Association for this invitation which I accept with very great pleasure.

With my best regards,

Yours sincerely,

M S 19

(M.S. Swaminathan)
