wishes

14³/₅₃ Sir,

I would like you to know
how very grateful I am for your
kindness & Consideration this morning
during the visit to your Laboratory.

Your Assistant Mr Jain was
most charming & enthusiastic & we
are most thankful to him for
taking us round. We were particularly
happy to see his little lab, and I
am very happy that his contribution
to Science is making steady unassuming
progress.

With humble regards,
Yours Sincerely
Divakar Kamath.
