Dear Swami:

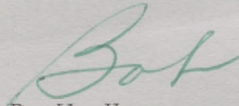

My apologies for not responding earlier to your letter, with enclosures, of October 15 which was received on October 31. Since receiving your letter, I have been making contacts with several of our faculty with the intent of seeking support for a visiting professorship. Letters are being submitted presently to the Dean of the Graduate School seeking a Brittingham Award. (Letters must be in his office by December 1.) If this award is granted, the funds would become available July 1, 1978 and would provide salary for one semester plus one round trip air fare.

If we are successful in this effort, I would have confidence that additional support could be obtained from other sources to augment the Brittingham Award.

In closing, it was a great pleasure to hear from you and the thought of your returning and spending some time with us is most pleasant.

With best regards.

Sincerely yours,

R. W. Hougas  
Associate Dean and Director
