

Chatterjee Lodge, near Palm Beach Hotel  
Waltair (Andhra State) 29<sup>th</sup> Sept 1954.

W. S. R.  
my dear Dr. Krishnan Sabele,

In continuation of my last letter, containing the Provident Fund Pay Bill duly signed by me along with my resignation of my present post in Council, please permit me to write that it was, without doubt, very difficult for me to give up my association with you and the National Laboratory, where I wanted to continue my research ~~work~~ studies in Nuclear Spectroscopy. Owing to my present bodily state, I regret to state that I will not be in a position to come there and continue the work.

Please permit me to write that the Vice-Chancellor and some of the principal members of the Andhra University are good enough to tell me that they would kindly make arrangements for giving me scope for work + studies in the Experimental Nuclear Physics.

Please let me thank you with my deep gratitude for the trouble you have taken for

me all these years & I hope, you will kindly continue  
to be favourably disposed to me as before & oblige  
with my best regards.

Very Sincerely yours.

Jonathan

*Goutami Professor of Physics,*  
ANDHRA UNIVERSITY.

VISAKHAPATNAM-3  
(Andhra State -S. I.)  
D/27th July, 1955.

My dear Krishnan Sahib,

The bearer of this note is Dr. B. Ramachandra Rao, D.Sc.,  
Reader in Physics Department, Andhra University. He is proceeding  
to Delhi to attend a Symposium on Ionospheric Winds. I requested  
him to see you and to enquire about your welfare. He also wants  
to see you and pay his respects.

I am glad to write that the Andhra University has offered me  
a sum of three lakhs of rupees for this year to buy necessary  
equipment. Already I have received some equipment for constructing  
radiation detectors, etc. We expect to receive some of the major  
instruments which we have asked for, such as the Beta-Ray Spectro-  
graph. A band of workers are carrying on this work with great enthu-  
siasm and spirit of service.

Some time ago Prof. C. Mahadevan informed me that you would  
visit Waltair before long. I trust you would be visiting this place  
on some important mission and we shall then be glad to see you.

Thanking you. With hearty greetings.

Yours sincerely,

*Swami Jnanananda*

To  
Sir K. S. Krishnan, F.R.S.,  
Director, National Physical Laboratories,  
NEW DELHI.
