

University College,
Rangoon.

DEPARTMENT OF PHYSICS.

Aug 14/39.

Dear Prof. Krishnan,

Thank you very much for your letter and suggestion that I should come to Madras to the Congress. I should very ^{much} like to come - if only to meet you - but the time would be taken from the term and since this month I have to go on leave I feel I should stay in Rangoon until then.

I have had a rather laborious task building up the department here and are now beginning to settle down to research. I hope we shall be able to send you something from here for your publication and I hope you will have a very successful session as President.

With my best wishes and the hope that it will not be long before I see you somewhere or other and with my thanks for the reports you are good enough to send me.

Yours sincerely

J. West.
