Dear Dr. Swaminathan,

You are well aware of the good work BAIF is doing in the areas of development research in Agriculture and Animal Sciences and the development work in rural areas.

In the last Board of Trustees' Meeting held on 16th December 1987, it was decided to invite you to join BAIF as a Trustee. Your distinction as the eminent Scientist and your concern for the poor will immensely benefit BAIF in strengthening its activities and in giving new dimensions in its activity profile. I am sure you will kindly accept this invitation.
