My dear Shri Harbhajan Singh,

Thank you very much for your kind letter dated June 17 ; 67. I shall certainly supply you with a small quantity of seeds of Sharbati Sonora. Like Sonora 64, this variety is also susceptible to the yellow rust. It is better to sow it a little late. Although the plant gets infected with the yellow rust, I find that the yield is not very much affected. In fact a farmer's field of Sonora 64 in Uttarkashi, which was completely infested with the yellow rust, has yielded more than 100 Mts. per acre.

With my best regards,

Yours sincerely,

Dear Sir,

For the last few days I have been trying to take the following wheat seeds but all <sup>have</sup> <sup>been</sup> <sup>directed</sup> <sup>to</sup> <sup>make</sup> <sup>an</sup> <sup>approach</sup> <sup>to</sup> <sup>you</sup> <sup>for</sup> <sup>the</sup> <sup>same</sup> <sup>and</sup> <sup>hence</sup> I am putting this request to you.

1. Sonora 22<sup>n</sup>
2. Sarwali Sonora 64
3. S. 331
4. S 308

In the last Rabi I grew 9 Acres of Larima Rogo Sonora 64 & Gova. Our Distt. authorities were very pleased to see the crop. Moreover I supply the seeds to the Agri Dept or the Coop. and therefore <sup>my</sup> produce is always accounted under the Seed Multiplication prog.

I request that above mentioned <sup>may</sup> seeds be given to me as early as possible. All the seeds ~~are~~ ~~are~~ except Sarwali Sonora 64 are available at your Research farm at Etawah as well as Kanpur. So you can work me at well as the centre to allot me the quantity at least for one acre each.

I shall be highly thankful for the kindness to me and to the other farmers of the district indirectly.

Hoping for the early allotment order.

Dear Sir,

Kindly refer to your advertisement in the Times of India of 7th July, 1967, regarding production of SHARBATI SONORA.

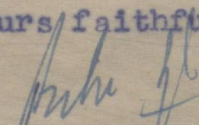

We have got about 800 acres of land near Ajit Station, lying on Jodhpur-Barmer line, and are producing this year Hybrid Bajra seed after fully manuring the land. We have got every facility of irrigation by our wells filled with Engines.

We shall feel obliged if you kindly let us produce your aforesaid variety of wheat and if so let us learn as to how much for how many acreage you can supply us seed and on what terms.

Hoping and requesting to have an early reply.

Sir,

I beg to inform you that I had made an application some time in the 2nd week of June 67, for allotment of wheat var. S-227, H-308, and S-Sherbati. I have been allotted one Kg seed of S-227, and H-308 but I have no idea about the allotment of Sona-Sherbati.

I request you to kindly spare at least one Kg of this seed on payment. My serial number registered in the allotment register is 337

Thanks.

Yours faithfully.

Dear Sir,

Various news items appeared in the papers lately about new varieties of high yielding wheats which have more attractive grains than the Mexican varieties being used so far. Two of the new varieties mentioned are Sharbati Sonora 64 and S 227. I shall be very thankful if you could let me know where I could obtain seeds of these varieties for the coming Rabi season.

Thanking you for an early reply,

Yours faithfully,

Dear Dr. Swaminathan,

I was glad to read in the news-papers recently that a nuclear research laboratory was being set up at the Indian Agricultural Research Institute within a year to make the maximum use of nuclear equipment for increasing agricultural production. It is also gratifying to know that the I.A.R.I have produced a very high-yielding wheat quality, namely, 'Sherbati Sonora', which is being distributed to the enterprising farmers.

2. I own a small agricultural farm in village Shaurpur near Mehrauli and would like to grow the 'Sherbati Sonora' variety of wheat in the ensuing season. I should feel grateful if 2 Kgs. of this variety of wheat could be reserved for me.

Yours sincerely,

My dear Dr. Swaminathan,

Further to my talk with you this morning I shall be grateful if you could kindly reserve for me 2 kgs. of your new Wheat Sharbati Sonara for my farm near Palam.

I am glad to inform you that the Wheat S-227 of which I got 5 kgs. from you last year did very well and I have got 195 kgs. of it for seed this year. I have about 60 kgs. of seed to spare of this selection in case any party needs it.

Kindly let me know when I could collect Sharbati Sonara.

*with best regards*
