Prof. K. S. Krishnan
National Physical Laboratory
New Delhi, India

Dear Prof. Krishnan:

Our research analysis group is engaged in a survey, concerning the staff and facilities of the major international cosmic ray research groups. We intend to incorporate this information into a technical report on the scope and progress of the various institutions conducting studies in this field.

We would appreciate your supplying us with a listing of all of the members in the cosmic ray research group at your institution, in both applied and theoretical capacities. A brief statement as to the geographical location, altitude, and approximate geomagnetic latitude of any extraneous research facilities used by this group would be of immeasurable benefit to the survey.

We hope you will want to be included in this survey, and that the enclosed mimeographed form will be of aid in your reply.

Thank you very kindly for your consideration and help in making this study successful.

Sincerely,

R. E. Lingenfelter
