My dear Mama,

I hope you have now received the stainless steel plates + "katoris". Dr Venkateswaran was good enough to offer to send them to you and I trust you find the purchase satisfactory. Personally, I felt that the buffing was inadequate, but in a seller's market it is difficult even to edge in a complaint. I shall be sending the knurblers when they become available. If there is anything that you should like to have from Bombay, I shall only be too glad to be of service to you.

With respects to self + mami.

Respectfully yours,

Narayan
