No. 529.....

Manila, January 29, 1988

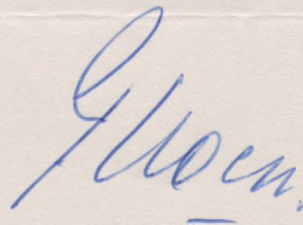

Dear Dr. Swaminathan:

I would like to thank you for your letters of December 22 and January 19. We are all sorry to see you leave, but grateful for what you did for IRRI therewith contributing to IRRI's success.

I was happy to learn that you share my government's feelings about the continued participation of Dr. Penning de Vries in your computer simulation research and training program and trust that problems that might have existed have been solved.

Wishing you and your wife happiness in the future and with best personal regards,

yours sincerely,

P.F.C. Koch

Dr. M.S. Swaminathan
