Dated, Benares, ..... 5/6/1948.

My dear Krishnan,

Perhaps you will remember my nephew  
Sri Sachin Sen (Mantu). He developed  
a process of Carbon-coating on paper which  
may be used in the manufacture of volume  
controls for radio. I understand that your  
laboratory is also working on the manufacture  
of radio components. I shall be grateful  
if you kindly arrange for a few tests  
on the article and also give your valued  
opinion in the matter.

I hope you are keeping well.

With kind regards,

Very sincerely yours  
Manojan
