My dear Aedga

I hope you are well aware of the 'Chipko' movement which has now become a people's movement so far as the forest areas in the hills are concerned all over the country.

Shri Dhoom Singh Negi, who is associated with this movement for long is presently organising the movement in Karnataka.

Shri Sundar Lal Bahuguna has suggested that I write to you requesting you to help these workers for the protection of environment and also instruct the concerned departments to deal with them in a dignified manner so that the movement is carried on Gandhian lines to secure the local help from the people to maintain ecological balance.

I hope you will kindly look into the matter and do whatever you can in support of the workers participating in the movement.

With regards,

Yours sincerely,

(H.N. Bahuguna)

Shri Ramakrishna Hegde,  
Chief Minister of Karnataka,  
Bangalore
