Dated New Delhi, the 4th, July 1949.

My dear Dr. Krishnan,

I enclose a copy of a telegram that has been sent to Tata Aircraft Ltd., Titaghur, in pursuance of our decision in the morning. I hope it has your approval. You will undoubtedly follow it up with a letter. As regards selection of alternative machinery not only for this but for any other requirements that you may have, whatever help it is possible for us to give is at your disposal and command. It will always be a pleasure and privilege to work for any institution which is under your charge and I am not writing it formally but sincerely. May I thank you once more for your kind assistance and I look forward to your advice and help in the future development of civil aviation?

Yours sincerely,
