(An autonomous Centre aided by the Ministry of Environment & Forests, Government of India)

19 February 1995

Mr A.P. Dubey, IFS  
Conservator of Forests  
Indore Circle  
Indore, Madhya Pradesh

Dear Sir,

Please find enclosed a copy of 'Management and restoration of grasslands for people and the Lesser Florican - Action Plan' which is the outcome of the workshop held in Vadodara in December 1994.

Your participation and contribution towards the formulation of the Action Plan was sorely missed. It now remains for us to implement the recommendations of the participants of the workshop, and I am sure that with your continued support we will be successful.

Please do acknowledge receipt of the Action Plan.

With best wishes  
Yours sincerely

R Sankaran

(An autonomous Centre of the Ministry of Environment & Forests, Government of India)

KALAMPALAYAM P. O., COIMBATORE-641 010

2 December 1995

To  
The Editor  
Journal of the Bombay Natural History Society  
Shaheed Bhagat Singh Road  
Opp. Lion Gate  
Bombay 23

Dear Sir,

Please find enclosed the following paper and miscellaneous note for publication in JBNHS.

1. Nesting in the Lesser Florican during the south west monsoon.
2. The relation between bustard body size and display type.

I request that these (and any future submission of mine) are not sent to Dr A.R. Rahmani for review, as personal differences between us are likely to lead to a biased opinion.

There are three papers of mine that have been submitted / accepted and I would be grateful if these can be published at the earliest.

1. Territorial Displays of the Bengal florican
2. Aerial Display in the lesser florican
3. Habitat use in the Lesser Florican in a mosaic of grassland and cropland. The influence of grazing and rainfall.

Thanking you  
Yours sincerely

*Ravi Sankaran*
