Dear Sir,

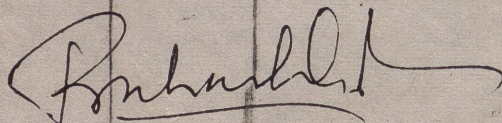

Thank you for your letter dated 20th September together with its enclosures including the latest issue of IWRB News(No 6, July 1991)

The map you have published along with my little note on the Sarus has the potential of putting me behind the bars. I must therefore, clarify that I am not associated with the drawing of India's international boundaries as shown in the map neither do I accept or recognize them.

If IWRB continues to publish such maps it should never expect India to become a member and should realise that this puts people like me who associate with IWRB's work in an extremely embarrassing situation. I hope in future such offending maps are not published.

I am copying this letter to the concerned authorities in the Govt. of India so that they realise that I am not a party to the drawing of that map.

Yours sincerely,

Prakash Gole.
