Dear

We are looking for suitable officers to fill up two senior level posts in the Department of Biotechnology. One post is of Adviser Grade I in the scale of pay of Rs.7300-100-7600 and the other also designated as Adviser but in Grade II in the scale of Rs.5900-200-7300. The educational qualifications, experience etc. required to be possessed by the incumbent in these posts as prescribed in the Recruitment Rules is given in the Annexure to this letter. As you are perhaps aware, we have many schemes/projects in the field of recombinant DNA technologies, plant and animal tissue culture, immunology, vaccinology, embryo transfer technology, aquaculture, agricultural crop improvement, manpower development, infrastructural facilities etc. The officers at these levels besides being eminent scientists, should have the leadership qualities and vision and the ability to guide and coordinate the work of the officers at lower levels in disciplines other than their own also. The individual should also enjoy respect and acceptability from the Scientific and other professional community to enable him to have a free discussion and exchange of ideas in the areas of development in the multi-disciplinary fields of biotechnology.

2. These posts were advertised within India and abroad. Since for such senior posts, scientists occupying senior positions may not apply, it has been decided to adopt the method of Search-cum-Selection. The next meeting of the Committee is to be held on 7.5.1989 under my chairmanship.

3. I would be grateful if you could kindly send suitable nominations of eminent scientists who fulfil the minimum qualifications alongwith full Curriculum Vitae (in the proforma enclosed) and other relevant information. It will be assumed that the candidates whose names are being forwarded are willing to join the Deptt. of Biotechnology for these posts. The selected candidate will be required to join duties at New Delhi within a month of final approval.

4. It is requested that nominations may be sent to me urgently so that these can be considered by the Search-cum-Selection Committee at its meeting on the 7th May, 1989.

With regards,

Yours sincerely,

Sd/-
