My dear Sir Krishnan,

I send per separate book post one copy of Vol. III of my researches (1946-51) for your kind acceptance. I hope you will be glad to see some work from the Organic Chemistry Research Section which was created only in 1948 and had to contend ^{with} many difficulties. I hope you will lend your powerful support to us in making this Section strong~~r~~ by getting more grants and more research and laboratory staff.

With kindest regards,

Yours sincerely,

Bawa Kartar Singh
