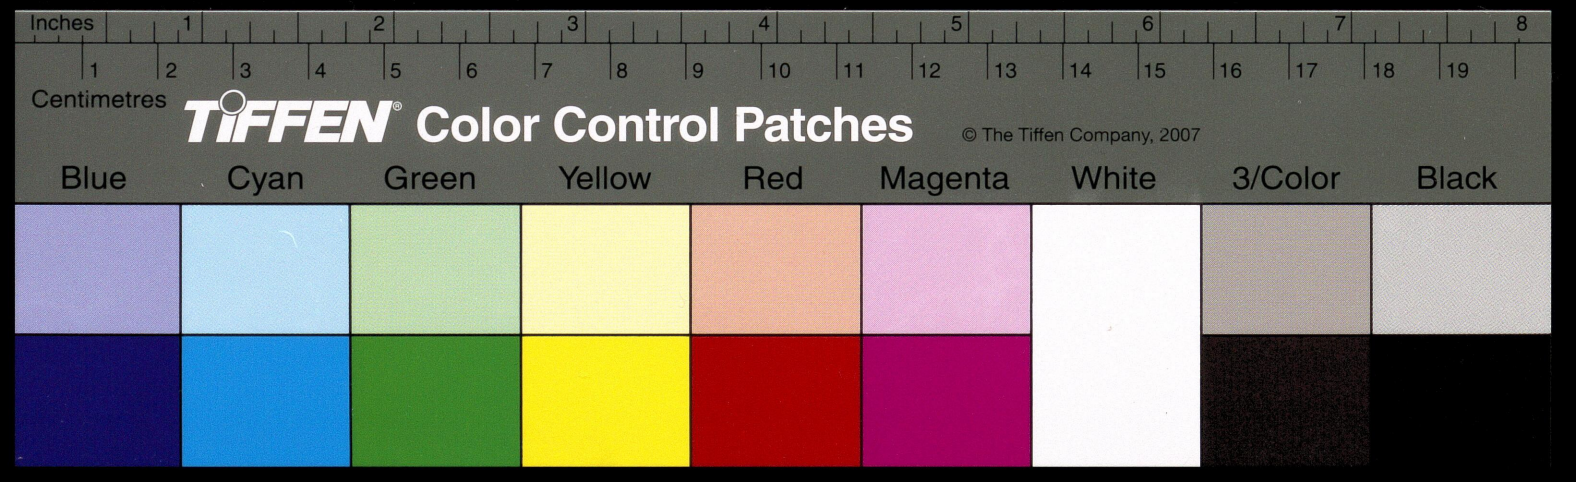
My dear Madho,

I am glad that you are in Kirkee as Professor of Mathematics in the Institution of Armaments Studies. Prof. S. Meenakshisundaram told me about it. I retired from University Service as Reader from the 26th. September 1956 having on that date completed 60 years. No further extension of service was granted. But a former friend of mine Mr. N. T. Gnanaprakasam Retired Superintending Engineer, Highways had started an Institute for A.M.I.E of Calcutta & he asked me to serve as Professor of Mathematics in that Institution. The salary is not much only Rs 350, yet, I accepted it and joined on 1st October.

In Madras Mail of 16-12-56 there is an Union Public Service advertisement No. 50 for a Lecturer in Mathematics in the Institution of Armaments Studies. Can you help in the matter with your advice etc? you know I have long experience, author of two books, Chairman of B.A.S. Examiners for several terms, Paper Setter for B.A., B.Sc. and A.M.I.E.

The salary Rs 350 is unacceptable to me. I should like a salary not less than Rs 620. I have today sent application for an



for an Application form. I do earnestly request you to do your utmost to help me get this place on a Salary not less than Rs 620.

My address is given at the top of this letter. I shall be anxiously awaiting your reply.

With best wishes and regards,

Yours affectionately,

M. Lakshmana murti.
