

Chemistry Department
University of Allahabad
Dated December 5, 1960

My dear Dr. Krishna Bahadur,

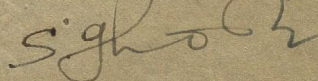

I have not written to you since you left Allahabad but I was constantly keeping myself informed of your progress there. I hope both of you are doing good work there and I am looking forward to find amidst us by the month of March 1960.

One of our good students Krishna Murari Lal Agarwal M.Sc. 1st class in Organic Chemistry is anxious to pursue research under your guidance. Will you please send me your acceptance to act as his supervisor so that I may send his application onwards for admission?

Please also suggest the subject. He may start his spare work by the end of January 1961 and when you come back he will start his work immediately.

All are well here and hope this finds you and yours in the best of health and spirits.

Yours sincerely,

(S. Ghosh)

D.Sc., F.R.I.C., F.N.I.

Professor and Head of the
Department of Chemistry,
University of Allahabad
