Dear Sir!

I am very sorry to disturb you but for nearly one year I do not get a reply of all my letters an my husband Dr. Sahau Singh. Last year for a few months he send me no money, now again nothing since January. I am very sick since 15. August 1953 in throat-disease, kidney- and heart trouble. In the last 3 weeks my heart is in a very bad condition and I am not be able to buy any Medicine. I must now

urgent in a hospital and I  
have no money to go there.  
I must pay a part of the Bill  
before. I have Indian Nationali-  
ty so I have no protection  
here. Since 2 months I have  
not paid the rent of my  
room so I have very trouble  
about it. I have the most  
time nothing to eat I  
am really a skeleton now.  
I still have to pay the Bill  
for the Dental Surgeon from  
Mai last year, and not

at least to have ~~neither~~ a  
clothes nor a bedding for the  
cold climate here. It is no  
wonder that I am so very  
sick since months. I never  
~~talk~~ to any body about all  
my trouble because I would  
not put the blame on my  
husband but now I am  
absolutely on the edge.

I am very sorry that I must  
inform you about things  
which belongs in my opinion  
only between a couple but I

do not know another way.  
Kindly speak with Dr. Singh  
and let me know how  
he will settle this.

Please excuse my english  
but it is my first letter  
in that language.

I remain

Yours truly

Rose Singh
