Dear Dr. Krishnan,

I daresay the marriage and upanayam went off very well. I write this to remind you about Cairo, and if possible for your alerting some Indian friend in Rome as well. It is a month since Mr. Ali Yavar Jang wrote to me from Belgrade that he was sending my letter addressed to him to Cairo and I have not heard from Cairo. I find Mr. R.K. Nehru is our ambassador there and so I have addressed to him a letter (copy enclosed).

Kindest regards,

Yours sincerely,

H. A. Nilakanta Sastri

Dear Sri Nehru,

Though I have not the privilege of prior personal acquaintance, I venture to solicit your help during the short stay I wish to make in Cairo en route to Chicago U.S.A. as Visiting Professor to that University. I am enclosing copy of my itinerary and shall be grateful for any help from your esteemed embassy in all possible ways. I am not an experienced traveller and this is the first time in my life I have to travel west of Suez.

Kind regards,

Yours sincerely,

H. E. R. K. Nehru,
Ambassador for India
in Egypt,

Bhawan Maharaja's College, Mysore

6/7th December 1953

Dear Dr. Krishnan,

You remember my request to you to find out if Dr. S. S. B. could think of Dr. S. R. Rao for the Secretaryship of the new Univ. Grants Committee. I wonder if you could contact him on the 3rd. He travelled that night with me, but I did not have a word with him as he did not seem to recognize me. Now I find that the Monday meeting of the Board has resolved on having a Secretary on 1500-2000. Could you study the lie of the land and tell me at your earliest convenience what the chances are.

Best regards,

Yours affly
A. N. Lakshman
