Dear Krishnan,

I was delighted to see from the latest IUGG Bulletin that you had introduced a meeting on Monsoons in New Delhi in February last.

I also learned from Thacker through Sir Harold that you had every intention of coming to Washington for the meetings this fall.

All this makes me very happy, but at the same time very sad, in that I still await that book you promised me on the Hindu Parthenon!

From one Old Soul to Another,

Yours ever,

Ronald Fraser

Dear Krishnan,

I was delighted to have your letter of May 31, with the good news that you intend to take part in the ICSU meetings in Washington in the fall.

This letter confirms that your membership with the ICSU Bureau extends over the period of the Washington meetings, that you may draw on ICSU for your travel expenses, and that you will receive a subsistence allowance at the rate of \$ 18 per day for the period of your stay in Washington.

With warmest personal regards,

Yours sincerely,

Runeed Inver

Sir K.S. Krishnan, F.R.S.,
