Dr R J Ranjit Daniels

20.11.91

The Editor  
Current Science  
Bangalore 560 080

Dear Sir,

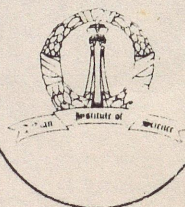

I wish to have some reprints made of my article on amphibians which appeared in Current Science 60 p 630-632, 1991. A set of 100 with colour plates would be sufficient. I do not know if you require advance payment of the incurred cost. Since I am to be out of station between 24 this month and 1<sup>st</sup> December, kindly contact Dr N V Joshi at this centre for further details regarding this matter.

Thank You

Sincerely

*R. J. Ranjit Daniels*

Dear Toshie,

Thanks for your note  
thru' Nambi. Jaiphoee has changed  
her mind regarding the visit so  
she has to be at home during  
much of December. She might be  
able to come on during 1st  
week January if that would  
be suitable. Anyway, I don't  
want to pressure you too  
much. Let's leave it at this  
& you may consider this more  
leisurely.

You are apparently too  
busy these days. Is that so? I  
~~was~~ was ~~was~~ked by Fr. Saldanha for

an article on birds for the  
State of Environment Dept. I've  
sent him the draft. However,  
since I was sure that Jaiphoee  
would be going, I told him  
that I'd send a revision of it  
by ~~fly~~ + also slides thru' her  
to you. Which I can't now.  
He might call you up. Please  
tell him that my plans are  
upset & that I'd send him  
the material by courier soon.

Hope all's well at  
Bangalore. Dulip's here  
& he's leaving tomorrow for  
Nagpur via. Nagpur will  
have been badly hit by flood.

A major catastrophe after  
a long period.

~~Am~~ Are you going  
to party? I can't meet  
Nambi. I sent my research  
assistant instead.

I'll write again soon.  
But with this  
visit

Dear Joshi,

I'm sending this letter through two of my colleagues - Dr. Mrs. Sudha Nair & Dr. Nambi who are visiting CRS to do some literature survey with regards Saveri Gurus. They'd largely be working thro' Madhav's personal collection & hence I've sent a letter to Ms. Purna Iyer too. In any event, you may please help them (in case Purna is on leave) & with finding accommodation on campus if at all possible.

I joined formally on 15<sup>th</sup> & am finding this place comfortable. Please inform Sukumar regarding this. I'd write to him separately. Our E-mail is strictly for science & hence use is restricted at present. Best wishes  
Ranjit

AVT,  
Could you please do the  
needs?  
Thanks.

Dear Dr Daniels,

I am currently running the Vietnam Marine Conservation Project for WWF-International (World Wide Fund for Nature). I have read the abstract of one of your papers with great interest and would be grateful if you could send me a photocopy of it.

"Assigning conservation value: A case study from India."

in CONSERVATION BIOLOGY 5(4): 464-475 [1991]

Dr. N.V. Joshi  
Centre for Ecological Sciences  
Indian Institute of Science  
Bangalore - 560 012

Dear Joshi,

I got back from Indonesia yesterday and I saw your EMAIL to Prabhakar. Our EMAIL is still not in a dependable condition therefore I am just sending you this letter. I shall be coming to Bangalore for a day on 18th of this month to attend a meeting at the FRLHT.

Regarding the JAE paper I <sup>am</sup> myself quite confused about the whole thing. However, when I went through the earlier manuscripts I found that this discrepancy was there in the first version itself. I found that while we had shown all the 20 locations on figure 1 we have not shown them on figure 2. Figure 2 has only the 19 points on it. We later decided to drop transect 7B due to probably a reason that there was some inadequacy in the data. I am however not fully sure what it was all about. Therefore please do the needful as you feel appropriate and clarify the same with the editor.

With warm regards,

Yours sincerely,

Ranjit Daniels
