January 7, 1930

Dr. K. S. Krishnan,
Reader in Physics,
University of Dacca,
Dacca, India.

Dear Dr. Krishnan:

Under separate cover we are sending you reprints of two articles which have been published from our laboratory on the "Raman Effect". Also we would like to obtain a copy of the review article by Dr. Ganesan which has been recently printed in the Indian Journal of Physics. Since I do not know the address of the Indian Journal of Physics, I am asking you if you would be kind enough to have them send me a copy of the Journal which contains this article. I assure you that we will send the money to the publisher as soon as we receive his statement.

Thanking you in advance for your kindness, I am

Yours sincerely,

J. W. Williams,
Assistant Prof. of Chemistry

Dr. K. S. Krishnan,
Reader in Physics,
University of Dacca,
Dacca, INDIA.

My dear Dr. Krishnan:

I was very happy to receive yesterday the copies of your INDIAN JOURNAL OF PHYSICS, Volume IV, Parts III and IV and I wish to thank you very kindly for your trouble.

I am inclosing two dollars (that is equivalent to eight shillings) and I hope that this money will cover the expense incurred by you in sending these journals to me. I would be happy if perhaps some time I can do the same favor for you at some future date.

Yours very sincerely,

J. W. Williams,
Assistant Prof. of Chemistry
