

Council of Post-Graduate Teaching in Arts.  
Calcutta University  
Senate House

Mr. B. S. Madhab Rao M. Sc., had been a student of mine in the Post-graduate classes. From his classwork and home-exercises, I had expected that he would do particularly well in the Examination though the first-class second that he obtained is no true index of his ability. In Analysis Specially, he has great aptitude and I am quite sure that study in any European University will certainly help to bring out the best that is in him.

Hari Prasanna Banerjee  
University Lecturer
