

COMITÉ NATIONAL DES SCIENCES BIOLOGIQUES  
DE FRANCE

ACADÉMIE DES SCIENCES

LE PRÉSIDENT

Montpellier, 19 October 1988

Professor M.S. SWAMINATHAN  
Director General

NEW DELHI

Dear Professor SWAMINATHAN

Last year, in Montpellier, I promised to you to propose and to prepare your election in the Academy of Sciences of Europe.

I am very glad to announce today your recent election following this proposal, in this Academy, on one of the few memberships reserved for the representation of non-european countries.

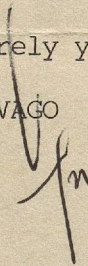

This Academy, created in relation with the present structuration of united Europe, has, of course, an increasingly important signification on international level.

Professor R. DAUDEL, president of this Academy, will contact you officially.

With warm personal regards,

sincerely yours

C. VAGO
