My dear Dr Krishnan,

I assume that you have seen  
the note to Dr. S.P. Mukherjee about the  
proposals we discussed. Kindly see him  
once more and enquire whether he  
will able to attend the afternoon party  
to be given by the President & committee  
of Management of the Indian Council for the  
Cultivation of Sciences to meet him on  
March 3<sup>rd</sup>. If he agrees kindly arrange  
for the issue of the invitation card under  
your own supervision. I have written to him  
to say that he will <sup>see</sup> them to discuss this.

I hope your packing and other  
negotiations have advanced sufficiently  
and that the A.A.P. measures have  
been completed.

I shall be returning on the evening  
of the 2<sup>nd</sup> of March. Trust this finds you well  
& with all good wishes.

Yours Sincerely  
J.N. Mukherjee

Dear Dr. Krishnan,

Many thanks for your letters dated 21. 3. 42 and 25. 3. 42. They were placed before the Committee of Management at their meeting dated 26. 3. 42. It has been noted that you joined the Allahabad University on 24. 3. 42 and in terms of the resolution (copy enclosed) adopted by the Committee of Management on 9. 3. 42, You have been granted leave without pay for a period of two years with effect from Tuesday, the 24th March, 1942.

The Committee appreciate your sentiments and reciprocate them and I have much pleasure in associating myself with this also personally.

About the research staff it seems that most of them will avail themselves of the usual summer recess which may be longer this year. Only Chorghade seems inclined to go to Allahabad but I understand that he may not continue as a worker in this Association. If this be true the request for the relevant apparatus should come from you. It will of

course have the best consideration of the Committee.

Arrangements are being made for the transfer of the library and apparatus outside Calcutta.

With all good wishes.

Yours sincerely,

*J. N. Mukherjee*
