Dear Professor Srzekantan,

Please permit me to forward to you a resolution adopted at a recent meeting of the Mathematics Faculty expressing its thankfulness to you for your benevolent guidance as the Director of this Institute for more than a decade. At a personal level, I would like to record here my own gratitude for your invaluable guidance, remarkable understanding and great helpfulness which I have been fortunate to receive from you not only in official discussions but also at the general level. We look forward to continue to get from you the benefit of your exemplary guidance and counsel in future as well. Please accept our best regards and our best wishes for your happiness and further glory,

Yours sincerely
Shashwan
