Dear Dr. Prabhakar,

I have received your letter and money order. Shivashi will be writing a separate letter to you. How is Sangeetha, Varuni and Keshavan. My married life is going on fine. My wife is also working like me in a project. She is working as a project coordinator in one NGO called "Activists for Social alternatives", shortly called ASA in Trichy. She has studied M.Sc. in environmental chemistry. Her field of interest is "Natural Resources management".

I went to Ooty collector office
in last week but couldn't meet
the concerned person in charge
of 'G' return section. I will
be going once again in next
week. I shall do the data
copying work. But you will have
to pay some honorarium for that
work. If you have any
literature on water resource
management please send it
to me.

With regards

yours sincerely

R. Arun
