## Beddhi

## SUPA.

- Background
- Opposition by whom
  - why
  - when
- How it went on
- Wt Present Situation

## Opposition :

- Reasons for not opposing

## Ecological condition

- Area, Pattern of Cropping, Relation to forest & other natural resources.

Collection of material through Oral history.

- Brief History about Spice garden

- Rice cultivation

- Land utilisation

- Rainfall Pattern

## Details of Project

- Cost Benefit →
- Area Submerged →
- Siltng etc →

Extent of share/

Contribution to State Revenue →

- Both Forest and land, & Crops -

- Employment Potential →

- The pattern existing

- Future possibilities.

Submerging of Area

- Details - Arcawise →

- Cropwise →

- loss of employment

- loss of Natural Resources →

- The total impact on the area →

- Settlement/Rehabilitation/Replicability of life pattern

Calculation of benefit Cost Analysis

- Is available

→ have to be collected

Cost of dam

- rising costs

- the generation of

power & its future

comparison.
