

D. DEVARAJ URS
CHIEF MINISTER

CMI 2530/76
VIDHANA SOUDHA, BANGALORE-1

DATED 21.8.76

Dear Dr. Siddhartha,

I have received your letter
of the 4th August, 1976.

I do not know whether God
created Man or Man created God.
I shall leave it to others to
debate the matter. It suffices
for me to know that a large number
of people-in fact, the majority -
in this State believe in God.
Democratic government governs by
the people, with the people and
for the people, and, it should
never forget the aspirations and
the reactions of the populace.
You, as a scientist, must remember
all the facts that come before you.
One very obvious fact is that not
all people are lofty-minded enough
to do without a belief in God.

Yours sincerely,

D. Devaraj Urs
