Dear Prof. Krishnan,

Thank you very much for your kind letter of March 6. I feel greatly encouraged to know your interest in my paper.

J. G. Crowther has written a book, "Science in Liberated Europe" (The Pilot Press Ltd., London, 1949), covering France, Denmark, Holland and Czechoslovakia, which I am sure would interest you.

I am returning to India in the middle of June to resume my duties in the Indian Association. I have been away from my post long enough and am now happy to go back and work for the Association. Allow me to express my grateful thanks to you, for having given me this opportunity to work abroad.

I have asked Unesco to enter your name on the mailing list in order that you may receive Unesco documents regularly.

With best regards,

Sincerely yours,

S. N. Sen
