Dear Prof. Joshi
I shall revert on this matter after the PhD interviews are over.

Regards

8 - JUN 2011

Prof. R. SUKUMAR

To

Chairman, CES

Appended below is a copy of my email sent on 30 may. I regret you that neither a reply nor an acknowledgement from you today.

Could I request you to look into the matter and do the needful.

Since this is a formal request, address to the chairman, ces, I am marking a copy to ces office as well.

Thank you and best regards - joshi

Subject: request for a formal communication re space in the new biology building

To

Chairman, CES

Dear Sir

The email from Prof. Renee Borges, appended below, is self-explanatory.

In this connection, it is essential for me to have a formal communication about the details of the space allotted to me in the New Biology Building, so that I can carry out the tasks expected of me in my capacity as a faculty member of the CES, IISc.

So far, no such communication has been provided to me.

Could I request you to do the needful at the earliest?

Thank you and best regards - joshi

To: faculty@ces.iisc.ernet.in

Subject: Biol Bldg

Dear all,

In a meeting with Muniyappa a couple of days ago re. the Biol Bldg, it appears that sometime next week we will be expected to check our labs and take charge of the furniture that Kewanee has provided, i.e. desks and

chairs etc. We are supposed to take the keys of the desks from the site supervisor (Mr Ramachandra) and sign for them. We are supposed to get 12 chairs (student chairs) per lab. We are also expected to check our labs and report about any discrepancies between plans provided to Kewanee (re. furniture, granite slabs, sinks, only) and those executed. Since electrical, water and other work is still going on, we will not get our lab keys till later. I will let you know when we are expected to take charge of student furniture; MRDG is doing it this week and BC early next week.

As a Department we are also supposed to make a list of general furniture (including projectors) that we can provide for the conference rooms on our floor. Based on this, we are supposed to make a list of furniture that will be required for these general facilities, so that this can be tendered in the next Kewanee furniture round.

We will probably need to have a faculty meeting about this.

Renee

*Dear Prof Joshi,
This is to confirm that
you can occupy room
TE 12 in the new
biology building when
CES shifts there.
Renee*

Dear Prof. Sukumar

Thank you very much for the detailed mail (appended below) and also for the clarification in person.

As we discussed, I am happy to confirm my willingness to take the responsibility for the room TE12, so you may please go ahead with you plan of formally putting this on record.

If there is any future communication from Prof. Muniyappa, I can respond on the basis of this email itself - it is not necessary for me to approach him for anything.

I am marking a copy to Prof. Renee Borges to keep her informed, since it was her mail to all of us about ensuring the contents of the labs in the new building that triggered this correspondence.

Thank you and best regards - joshi

Dear colleagues,

I request you to kindly make it convenient to attend a C.O.P. Meeting at 3.00 P.M. on Tuesday, the 12th June 2012 to consider the work reports of Dr. Praveen Karanth (for possible promotion from Assistant Professor to Associate Professor) and Dr. D.M. Bhat for possible promotion from Senior Scientific Officer to Prinicipal Research Scientist). Copies of their work reports are being provided to you by CES Office.
