Dear Smt. Mohsina Kidwai,

Shri Y.S. Rajan is a very senior officer in the Ministry of Science and Technology. He holds besides the post of Adviser, the charge of Executive Director of Technology Information, Forecasting & Assessment Council (TIFAC). In both the capacities he deals in the frontier areas of science and technology and is, therefore, additionally involved in international affairs relating to science & technology. I have mentioned at some length about Rajan's responsibilities only to impress upon you the fact that his time is not his own. He is called upon in public interest to assist me at all times and with short or no notice many times.

2. He has residence at DII/53, Kidwai Nagar West and is handicapped much for want of a garage. In view of the age and health condition of his father, the garage has to be close by. I am aware of the genuineness of his need. His application is already pending with the Director of Estates.

3. In the circumstances, may I request you to sanction on over-riding priority basis, the allotment of a garage close to his residence?

With kind regards,

Yours sincerely,

Narayana

SUBJECT: Allotment of a garage

Dear Shri Bhargava,

This is in continuation of my letter of 26th September, 1988 on the above subject (copy enclosed). Due to certain physical constraints, such as the existence of a lamp-post, big electric switch board and the nullah in the front part of quarter No.DII/53 Kidwāi Nagar West, it is impossible for me to park the vehicle in front of my house or even near about. I have come to know that garage no.16, which is near to my house, is vacant. I shall be grateful if it is allotted to me. To appreciate the necessity to have a garage for parking vehicle, I would request you to have it inspected, if possible.

I would appreciate it if the allotment of a garage is made urgently.

With best regards,

Yours sincerely,

 (Y.S. Rajan)

Shri D N Bhargava,

I have come to know that Nos. 13, 14, 15, 16, 89, 91 are very close to my house and will be the most ideal for me. If it is not possible immediately, at least garage no.12/17, which is slightly distant and are vacant can be allotted.

With best regards,

(Y S RAJAN)

Sub : Allotment of Residential Accommodation.

Ref : My letters of even number dated 11.8.88,23.8.88 and 14.9.88.

Sir,

I am happy to inform you that I have occupied the D-II/53, Kidwai Nagar accommodation and for my ailing and old father it was particularly useful because of groundfloor. I would like to convey my thanks to you and Ministry of Urban Development.

I have one immediate problem. I was under the impression that alongwith the house the garage also will be allotted. Now I find it is not so. In view of my father's age and condition it is necessary for me to keep the car and, therefore, I have purchased one very recently to cater to my father's condition. I would, therefore, request that the garage may be allotted to me at the earliest. It is understood that a few are vacant near my house.

I have also explored the possibility of parking the car outside. It is impossible since the location of the house comes almost in the cramped triangular corner of the Kidwai Nagar (West). In the access passage even a marauti cannot be parked without blocking the passage of the other occupants of the block. It will virtually amount to parking the vehicle in the middle of the road which will block traffic. Therefore, a garage is essential in that location of the house.

Thanking you,

Yours faithfully,

(Y S RAJAN)
