DEPARTMENT OF ATOMIC ENERGY
APOLLO PIER ROAD
BOMBAY 1.

No.2/2/60-Tech.I

November 23, 1960.

Dear Dr Krishnan,

The last meeting of the Board of Research in Nuclear Science was held on the 9th March 1960. When you were in Bombay in August last, I had discussed with you the question of convening the next meeting of the Board when you indicated that a meeting could be called sometime in February 1961. We have made arrangements for convening the meetings of the various Advisory Committees in December 1960, whose recommendations with regard to continuance of research projects etc will be made available to the Department latest by January 1961. It would, therefore, be possible for the Board to consider the recommendations of the Advisory Committees sometime in February 1961. I shall, therefore, be grateful if you will kindly indicate the time, date and place of the next meeting of the Board so that I may take suitable action in this regard.

With kind regards,

Yours sincerely,

Chougule B.K.
(B.K. Chougule)

Dr K.S. Krishnana, FRS,
(Chairman, Board of Research
in Nuclear Science)
Director, National Physical Laboratory,
Hillside Road,
New Delhi.
