Dear Sir Krishnan,

It is now definite that I will be attending the conferences in London and Bristol in July of this year. I would very much like to see your laboratory and could make a visit around the middle of August. I would be very glad if you would let me know whether you will be in New Delhi at that time and whether it would suitable for my visit.

I am making this enquiry now, as I would like to arrange everything before I leave here. I hope very much to have the opportunity of seeing you again.

With kind regards,

Yours sincerely,

Walter Boas

Dear Dr. Krishnan,

It was so nice to see you in New Delhi and to have the opportunity of discussing some problems - both scientific and otherwise - with you. It is so rare these days to find somebody with so much understanding.

I would like to thank you very much indeed for your kindness and hospitality. I have not yet given up hope of seeing you here soon.

With very kind regards,

Yours sincerely,

Walter Boas
