Dear Sridhar,

At the outset, let me thank you for all your help when I was in Bangalore recently. It was indeed a pleasure to meet you after the BSAP Seminar here in Hyderabad. Both meetings were brief but satisfactory. Now we just have to go birding together.

I did not pick up the brochures for the Seminar from your office when I was there last. Do send me at 10.

I am sending by separate post a cheque from Mr Siraj Taher for the Seminar, to the Liaison Office of OSI. I hope this is in order. If not, please advice.

I have not received the minutes of the meeting of the OSI, which you showed me in B'lore. Please send a copy alongwith the minutes of the meeting to be held on 11th instant.

Excuse me for not attending the function on the World Forestry Day. I was engaged elsewhere.

Please inform me by when the Nomenclature book will be ready.

The books which I carried from B'lore, having agreed to try and put them in bookshops here, will be priced as below.

BOOK TITLE	BOOKSELLERS	BIRDWATCHERS
1. Hill Birds	195/-	150/-
2. Common Birds	35/-	25/-

The price of booksellers includes a commission of 30% as mentioned to you.

Dear Sridhar,

Further to our telephone talk, I am enclosing 2 High-Density floppies with the following files on them.

1. Wordstar 6.00 backup in Dos. 5.00 ver. (Floppy 01).
2. Wordstar 6.00 backup (contd.) in Dos. 5.00 ver. (Floppy 02).
3. Pkzip.exe. (floppy 02).
4. Pkunzip.exe. (-do-).
5. State.txt. (-do-).
6. Place.txt. (-do-).
7. Note.txt. (-do-).

I do not know whether you are familiar with the Pkzip and unzip files. Briefly I am stating below how they are to be used to unzip the Wordstar files.

1. Copy the PK*. * files to the hard disk, into the Dos directory.
2. Restore the Backup files to a WS directory in the Hard Disk. This will be a zipped file called WS.zip.
3. To unzip the ws.zip file type 'pkunzip ws.zip'.

If there is any doubt, I will try and explain on the phone.

Regarding the printing of the index itself, I suggest it should be either a 'supplement' of the Newsletter, printed on same sized paper, or be detachable if included in an issue.

Awaiting a copy of the Nomenclature book eagerly.

Do you put the Waterfowl Census data from Karnataka on some software? How do you analyze the results?

What news / developments on the Seminar front?

With best wishes to Mrs. Sridhar, Shreyas and yourself.

encl: 2 1.2 mb HD disks.

Sincerely,
