My dear Krishnan.

It is very good of you to have sent me the package of authors copies of your papers received today. They look as if they are full of interest.

It is a long time since you have been to a Council meeting of the National Institute of Sciences, & I hope we shall see you at the next, which is to be held at 5 o'clock on Dec. 17th (Tuesday), in the

rooms of the U.S.S.

With kind regards.

Yours sincerely
