

To,
Mr. V. Ranganathan
Chairman, Monitoring Committee,
Matheran ESZ

27/01/11

Dear Sir,

Reference: Report titled, "Conservation and Beautification of Charlotte lake at Matheran" under the State lake Conservation plan prepared by Grassroots research and consultancy.

I was involved during the initial stages of the Environment Management Plan for Matheran plateau, (in the year 2004-2005) in an honorary capacity.

I have come across a copy of a report prepared by Grassroots research and consultancy, titled, "Conservation and Beautification of Charlotte lake at Matheran" under the State lake Conservation plan in which my name has been mentioned as a consultant ecologist.

I have to state that I was not appointed as consultant for this study by Grass Roots Research and Consultancy, and had no involvement in the preparation of the above mentioned report.

Yours sincerely,

Prakash Gole
