copy of letter from

L K B - PRODUKTER
Box 12035, Stockholm 12

to Mr. M.S.Sait, Chargé d'Affaires, Legation of India,
Stockholm

Dear Mr, Sait,

On the visit of professor Bhatnagar to us a month ago we were asked if we could supply to you brochures of the scientific instruments we manufacture. You will find enclosed a collection of brochures covering our present standard production. It comprises the following kinds of instruments:

1. Instruments for nuclear research
2. Instruments for research in physical chemistry, as a rule designed after inventions made by famous Swedish scientists f.i.Manne Siegbahn, The Svedberg, Arne Tiselius, and others.
3. A group of miscellaneous instruments.
4. Fine chemical reagents, pro analysi grade.

We would very much appreciate if you will submit these brochures to persons in India who might be interested in them. If any more information or further litterature is wanted, we will be very pleased to supply it.

Yours very truly,

LKB-PRODUKTER
Fabriksaktiebolag
