Dear Dr. Swaminathan,

Your letter of the 31st March. I think the ICAR owes a great deal to your contributions, as a scientist and as a leader. If things have not always been easy for you, you were able to take it stoically ! I am sure the Agriculture Ministry as a whole will now benefit from your stewardship; and you are handing over ICAR into very good hands.

Yours sincerely,

(Ajit Mozoomdar)

Dr. M.S. Swaminathan,
Director General,
Indian Council of Agricultural Research
Krishi Bhawan, New Delhi.
