Dear Prof. Obe,

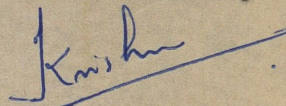

I am writing this letter at the suggestion of
Dr. V.G. Vaidya of M.A.C.S. Research Institute, Poona.

I am a Ph.D. in Zoology of the Bombay University. My
dissertation was on "Fish as an in vivo cytogenetic model
in the detection of potential mutagens" and Dr. V.G. Vaidya
was one of the evaluators of my thesis. I am now approaching
you with a request, whether you can find a placement for
me as a Post-doctoral fellow under you. I am anxious to
pursue my academic career in mutation studies and hope you
will be kind enough to provide an opening for me. I am
herewith sending my bio-data for your information. Hope to
hear from you at your convenience.

Thanking you and with best regards,

Encl: as above.

Yours sincerely

(A. P. Krishnaja)
