Dear Milammalji,

- I was in Delhi on 8th Nov. Due to holiday I could not contact you in phone. I was ill also. I met with Bhattji.
- I am sorry that I could not submit my part of the report. Is it possible to send me xerox copies of the reports by M. Lunde and R. Chand. and the report of NHPC. It will help me in finalizing my note. I have also gone through Vijay Dasanjape's report on Tehri. After visiting Gomukh and Tapovan in this summer I am comparing Gomukh and Milam glaciers and Govind Bhagirathi rivers.
 - PAHAR-3 is in press. It will come out in Jan-89. We are still waiting for the advertisements, which are expected from NHPC.
 - Dr. M. S. Swaminathan has kindly become the life member of PAHAR.
 - We would also like to remind you about the Lecture, which will be delivered by you in next year. It will be on Himalayan Environment.
 - We all are fine and busy in teaching and also in PAHAR affairs. Bagheri is fine.

7. Our trip to Ladakh and Kashmir valley was very much educative and interesting.

With kind regards.

Yours cordially

We have named Sri CP Bhatt ji as Mr. Fotula in the name of Fotula pass between Kasgil and Leh.
