Respected Dr. Swaminathan,

Kindly accept our sincere congratulations on your well-deserved, yet another recognition and the recent award. All the Indians in general and the Indian Agricultural Scientists in particular are proud of you. We pray the Almighty that for many years to come we will get benefit of your guidance and for fruitfully utilising our time on whatever little we know.

With profound regards,

Yours sincerely,

P.S. I am indebted for the time you so kindly gave me on 23-5-88. At this time I very much needed your advice to boost my moral. As so kindly agreed, I am sure you might have sent my biodata to Dr. Atwal and spoken to Dr. Baird. I am still waiting to hear from you.
