Had been Collector, West Garo Hills during 1st ~~and~~ accusation of 220 Sq. K.M. during 85-'86. The actual area acquired was only 140 Sq. K.M. approximately. Total paid about 3.55 crores. This matter is now in Gwalahat H.C. in P.L.

2nd area 92 Sq. K.M. (93-'94). Actual area is only about 35 Sq. K.M. Amount involved 1.5 (app)

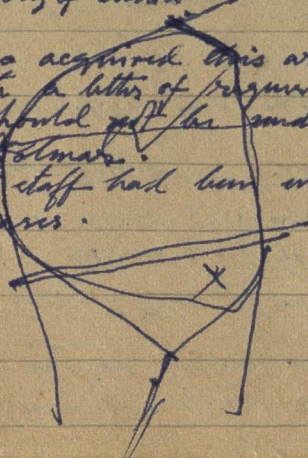

3rd case of accusation - 40 S.K.M. has been acquired in paper, which the actual area is only about 3 S.K.M. roughly. Also in the H.C. S.B. Singh has enquired into the matter as ordered by the H.C. The area is in Survey of India maps.

D.P. Baghmara acquired this area in Nov. '95 despite a letter of request from C.H.L.W. that acquisition should not be undertaken because of some Colmar.

The same forest staff had been engaged in all the three cases.

Regional C.E.F. / A.C. car or state air craft / accommodation  
meeting with C.M. / Naik & accompany.

The meeting which was taken by the Secy. Home ~~has~~ was attended. Discussions centred mainly around legalities of the ~~proposed~~ ~~suggas~~ proposed structure of the Council and the two level constitution of the same, as suggested in the enclosed recommendation of the Bodo Expert Committee. Discussion also took place about benefits to be accrued to the tribal population where they are in minority and hence unable to make a representation in the functioning of the plan & development works etc.

It was then decided at the suggestion of the Home Secy. that one round of discussion should take place with the Committee members on the 28th April, if the date is suitable to the members. Meanwhile the comments of the Ministers may be

Extraction of black granite is going on in these two areas. Leases had been granted during late seventies for ten years, which expired during late eighties. Renewal was sought, but Forest Dept. refused due to conservation act. The parties then went to Court, on which the Court allowed operation on interim basis without any reference to the Centre for clearance of Conservation Act.

State govt. transferred the licensing authority to the Dept. of Mines. More than 200 licenses have been issued. A public litigation ensued which resulted in a restriction on the Govt.

Control of pollution with economic advancement.

## Control of pollution with economic advancement.

Pollution Technology. - A total integrated approach.

Prof. Menon Paper read - agree with the philosophy and approach. Water and air is no longer endless resources. Concern shown by the Min.

Central & State Pollution Boards requires to be strengthened

Technology should be checked and accepted or rejected, if even if such technology is imported.

Govt. should have pollution free vehicles in all their control. Similarly all public industries must be made pollution-free.

Regarding International affairs what is the Govt. of India standing?

Forest areas in West Champaran is not demarcated. A lot of jungle has been cleared near Valmiki Nagar in Nepal border. Enquiry should be done and demarcation should be done.
