Professor Sir K. S. Krishnan,  
Director,  
National Physical Laboratory,  
New Delhi

My dear Professor Krishnan,  
I am sorry I have to trouble  
you again about my student, Dr K. R. Karmarkar,  
M.Sc., Ph. D. I have received no grant yet  
from the U. P. Govt although there is a letter  
from Dr Satya Prakash, Secretary, Scientific  
Research Committee, U. P., that one research  
assistant is sanctioned for me & that I  
may either continue Shri. Ajodhya Prasad, M.Sc.,  
for another year or have Dr K. R. Karmarkar  
in his place. After your last letter I  
was expecting two assistants, but as yet  
I have not received money even for one.  
I am anxious to find a suitable

appointment for Dr Karmarkar that will enable  
him to continue his research. I have asked  
him to send you a set of available reprints.  
I shall be grateful to you for anything  
that you can conveniently do for him.

With best regards,

I remain,

Yours sincerely,

V. V. Kulkarni
